

Treejumpers Quad Biking Competent Participant Statement – Schools/Organisations.

Quad Biking is a potentially dangerous activity. It is also very easy to damage quad bikes if they are not used by skilled and careful riders.

Treejumpers' instructors and safety procedures are designed to make the activity as enjoyable as possible whilst remaining safe. The safety rules and structure of the session are carefully thought out and tested over time. Treejumpers' instructors will:

1. Give you a thorough safety and riding technique brief.
2. Issue you with complete safety equipment.
3. Ensure activities are pitched at the level of the group as assessed by the instructor.

As it is impossible for instructors to take responsibility for participants once they are on a bike, individuals are responsible for:

1. Following all safety rules as briefed, including:
 - a. Riding carefully and in control at all times
 - b. Not overtaking
 - c. Not coming closer than 10 feet (3 metres) to the quad in front of you
 - d. Not removing your helmet
2. Listening to the instructor and stopping and/or dismounting if requested.
3. The safety of yourself and others whilst riding. Please note that legal liability rests with yourself for any injuries caused by your actions.
4. Paying for any damage to the quad bike, or other facilities caused by dangerous riding. Please note that any costs arising from dangerous driving, dropping helmets or collision with other quad bikes and trees etc will be billed in full to the client.

I agree that the individuals/group under my care will comply by the safety rules and regulations set out by GB Adventure Ltd and directions of their qualified instructors. I also agree to inform them of any situation that may be a danger to myself or any other participants. Should an accident occur arising out of the breach of the safety rules, I shall indemnify GB Adventure Ltd completely, its servants, employees and agents howsoever arising and accept that the consequences of my actions are entirely my own.

I understand that any damage caused by dangerous riding and deliberate breaches of the safety rules will result in the costs of all damages being invoice to the school/organisation.

I sign to confirm that any such damages will be paid in full within 14 days of invoicing.

Signed (Group Leader over the age of 18).
